## Experience

### **Project Manager and Lead Designer, InUnison Ltd.**

March 2006-Present, Westlake, OH

Lead the design and build team, working directly with 150+ clients on an individual basis to design and maintain client websites and graphics. Designed logos and other material for multimedia advertising and placement, including print fliers, email newsletters, and website promotions. Designed and maintained the client management tool that is used to maintain all websites, client discussions and tickets. Experienced in implementing PHP and MySQL-based CMS and eCommerce Applications.

### **Production Manager, Huron Hometown News**

March 2006-June 2006, Huron, OH

Worked directly with the sales team to design and maintain ads each week using Adobe Photoshop. Worked directly with the editors to put together a weekly 16-page spread using Adobe InDesign. Worked as a photographer and on-call cartoonist. Worked with the publishing house and web team to maintain technical accuracy on all graphic and documents.

### **Director of Graphics, Editor, Vital Video, Inc.**

May 2001 - March 2006, Avon Lake, OH

Created client and in-house websites. Designed logos and other branding for print, video and web. Created all graphics for web, print and video, not only for in-house marketing, but also for client-financed projects and advertisements. Worked as a writer for commercials and promotional programs. Wrote original music for both client and in-house videos. Digitized film and edited using Final Cut Pro HD. Have experience running audio, capturing video, and running a production team. Experienced with printing out video on all major formats including online publishing. Worked with solid deadlines and budgets.

### **Webmaster, Ohio Chapter of the International Forensic Nurses**

2002-2005

Created an interactive site using a PHP CMS. Redesigned their logo. Incorporated an up-to-date calendar for meetings, an interactive forum for discussion as well as reference, and an in-house "Private Messaging" service, allowing site members to communicate between one another without ever leaving the site.

### **Production Manager, Editor, Writer, Lorain County Community College**

2001-2003

Responsible for all layout and design areas of the newspaper. Created graphics and advertisements as well as scanning photos and making them web-ready and print-ready. Worked closely with Editors and Advisors as well as the Sales team. Assigned news stories to the writing staff, as well as collected all news stories, edited them and fit them into the paper as an editor. Attended events, such as the School Levy in 2001, and wrote stories for print the following day. Met deadlines and worked with helping others meet the same deadlines.
